SISTERS OF FAITH - FOUNDED May 7, 2015

We are daughters, mothers, sisters, fribblings – friends like siblings, friends, wives, girlfriends, aunts, nieces, grand-somethings, and the next-door neighbors. We are women with Faith who love, lose, cry, laugh, heal, thrive through prayer and seeking Jesus Christ.

Our **MISSION** is through a powerful and anointed out of the box ministry for women, God will use us to transform lives connecting us spiritually as we strengthen each other in faith. We bring together women with different perspectives about Spirituality and Faith in life, so that we grow, encourage, and build in Christ Jesus together. Often, we go through things in our lives and being able to connect with another woman to help us through the process can help us grow and build up one another.

God requires us to reach, teach and build in love. Some will build lasting relationships and connect in an incredibly special way. We urge you to allow the Holy Spirit to nurture the relationships of those you connect with. We are here to support; uplift and build up one another. No one is here to be judged for who they are, what they have done or for what they believe.

Our **PURPOSE** is to help women in their walk with God, through the development of a **spiritual sisterhood**. We will fellowship, pray, and study together. We will also Learn and grow together. We are all walking different paths, headed towards the same destination. It is not about the culture of where you came from but how our cultural background will help us grow. It is not about being separated because of denominational differences but learning how to inter-weave ourselves so that we are women bonded inter-denominationally. The connection of God will allow us to grow together and be there for our sister the way God desires.

Sisters of Faith Women's Ministry focus on the need of sisterhood and in areas that our women are lacking. Women endure a lot of things and at times we internalize what we are going through because we have no one to talk to. With no focus on denomination and with the nurturing spirit, Sisters of Faith inspire women to be rooted and built up in Christ Jesus. Sisters of Faith is an organization of women that help and encourage women on their journey with God. We are very committed to helping women grow and be the best women that God created us to be. We do not look at the measure of responsibility that God has given us. Sisters of Faith sees a need and do as God calls us to do. The Visionary LaQwonna "Lady Q" Glaster, encourages each woman to move as the Spirit in them moves.
